TEAMWORK MASTERING EVERYDAY TASKS

Your requirement, our offer.

Mastering the day-to-day tasks of paint shops and workshops efficiently - this is where Audurra provides support. Based on 150 years of experience in the field of automotive refinishing, the experts at Axalta have put together a range of accessories to optimally support the painting process. Our offer for masterly performance.

BEST VALUE FOR MONEY

Our promise, our mission.

All products are extensively tested in the Axalta training centres before being included in the catalogue - by professionals in everyday practice. Only if the quality and price are right, and the supplier meets our high standards in quality control, will the products be listed in the catalogue. We promise.

Audurra Systainer

With the new Audurra Systainer³ M 237 ECO, a packaging solution is available for even more sustainable organization and storage of power tools, hand tools, or work and consumable materials. The package includes a thermoformed insert for sanding discs with a diameter of 150 mm.

High Recycled Content

The 67 percent post-consumer recycling (PCR) content in the Systainer³ Eco consequently results in a saving of fossil raw materials of up to 67 %.

Reduced CO₂e Footprint*

The material in the Systainer³ Eco has a 51 % lower CO₂e footprint compared to the Systainer³ made from standard material.

Proven Product Quality

Robust, impact-resistant and temperatureresistant: The product properties of the Systainer³ Eco are in no way inferior to those of proven ABS.

- External dimensions: H 237 x B 396 x T 296 mm
- Internal dimensions: H 196 x B 389,7 x T 275,2 mm
- Load capacity: 20 kg
- Base material: ABS Eco
- Weight: 2,19 kg

Article No.	Product variant	Packaging

* The CO₂e footprint measures the total amount of greenhouse gases caused directly and indirectly by an activity, a product, or a person. All greenhouse gases are converted into CO₂ equivalents (CO₂e) in order to make their impact comparable.

Audurra Sanding Dry Guide Coat, 100 g black with applicator

The Audurra Dry Guide Coat has excellent covering properties. The powder makes all imperfections and scratches visible. The applicator leaves an even powder coating. This is a great tool in guiding the operator through the sanding process and achieving a perfect result. The black powder is used for light colour surfaces.

Article No.	Product variant	Packaging
D15351798	100 g black	1 piece

Audurra Sanding Seat

The Audurra sanding seat provides a comfortable working position, especially when working at difficult angles. It has a universal seat with gas springs, which makes the stool adjustable in height, and comes with a large magnetic tool tray in which you can easily store tools and small parts. The stool has a large seat area, which makes it very comfortable.

- Comfortable, height adjustable seat
- Vinyl covering which resists oil, grease and dirt
- Large magnetic tool tray holder, for easy access to your tools and small parts
- Weight: 8,1 kg
- Working height: 46.5 Cm to 57.5 Cm

Article No.	Diameter	Color	Packaging

Audurra Micro Spot Sander ESE-05 Set

The small and silent high-performance Audurra Micro Spot Sander is your first class choice for spot repair. Thanks to its compact construction sanding over head and in small and narrow spots is possible. This precious Micro Spot Sander is operated with a removeable Li-Ion battery.

Technical details Micro Spot Sander:

- Length: 170 mm, Width: 105 mm, Height: 45 mm
- Weight: 565 g incl. Backup-Pad and Battery
- Backup-Pad diameter: 30 mm
- Drive: continuously adjustable, eccentric
- Offset: 5 mm
- Sound Pressure Level: 55 dB(A)

Scope of delivery (set)

- 1 x Audurra Micro Spot Sander
- 2 x Li-Ion Battery 7.4V / 2600 mAh
- 1 x cradle with magnetic connection
- 1 x Power Adapter 8.4V 2A EU-plug
- 1 x Backup-Pad Ø 30 mm soft (hook and loop)
- 1 x Backup-Pad Ø 30 mm medium (hook and loop)
- 1 x Backup-Pad Ø 30 mm hard (hook and loop)
- 100 x Spot-Sanding Disc Ø 32 mm P1000 (hook and loop)
- 100 x Spot-Sanding Disc Ø 32 mm P2000 (hook and loop)

Audurra Sanding Solution Cart

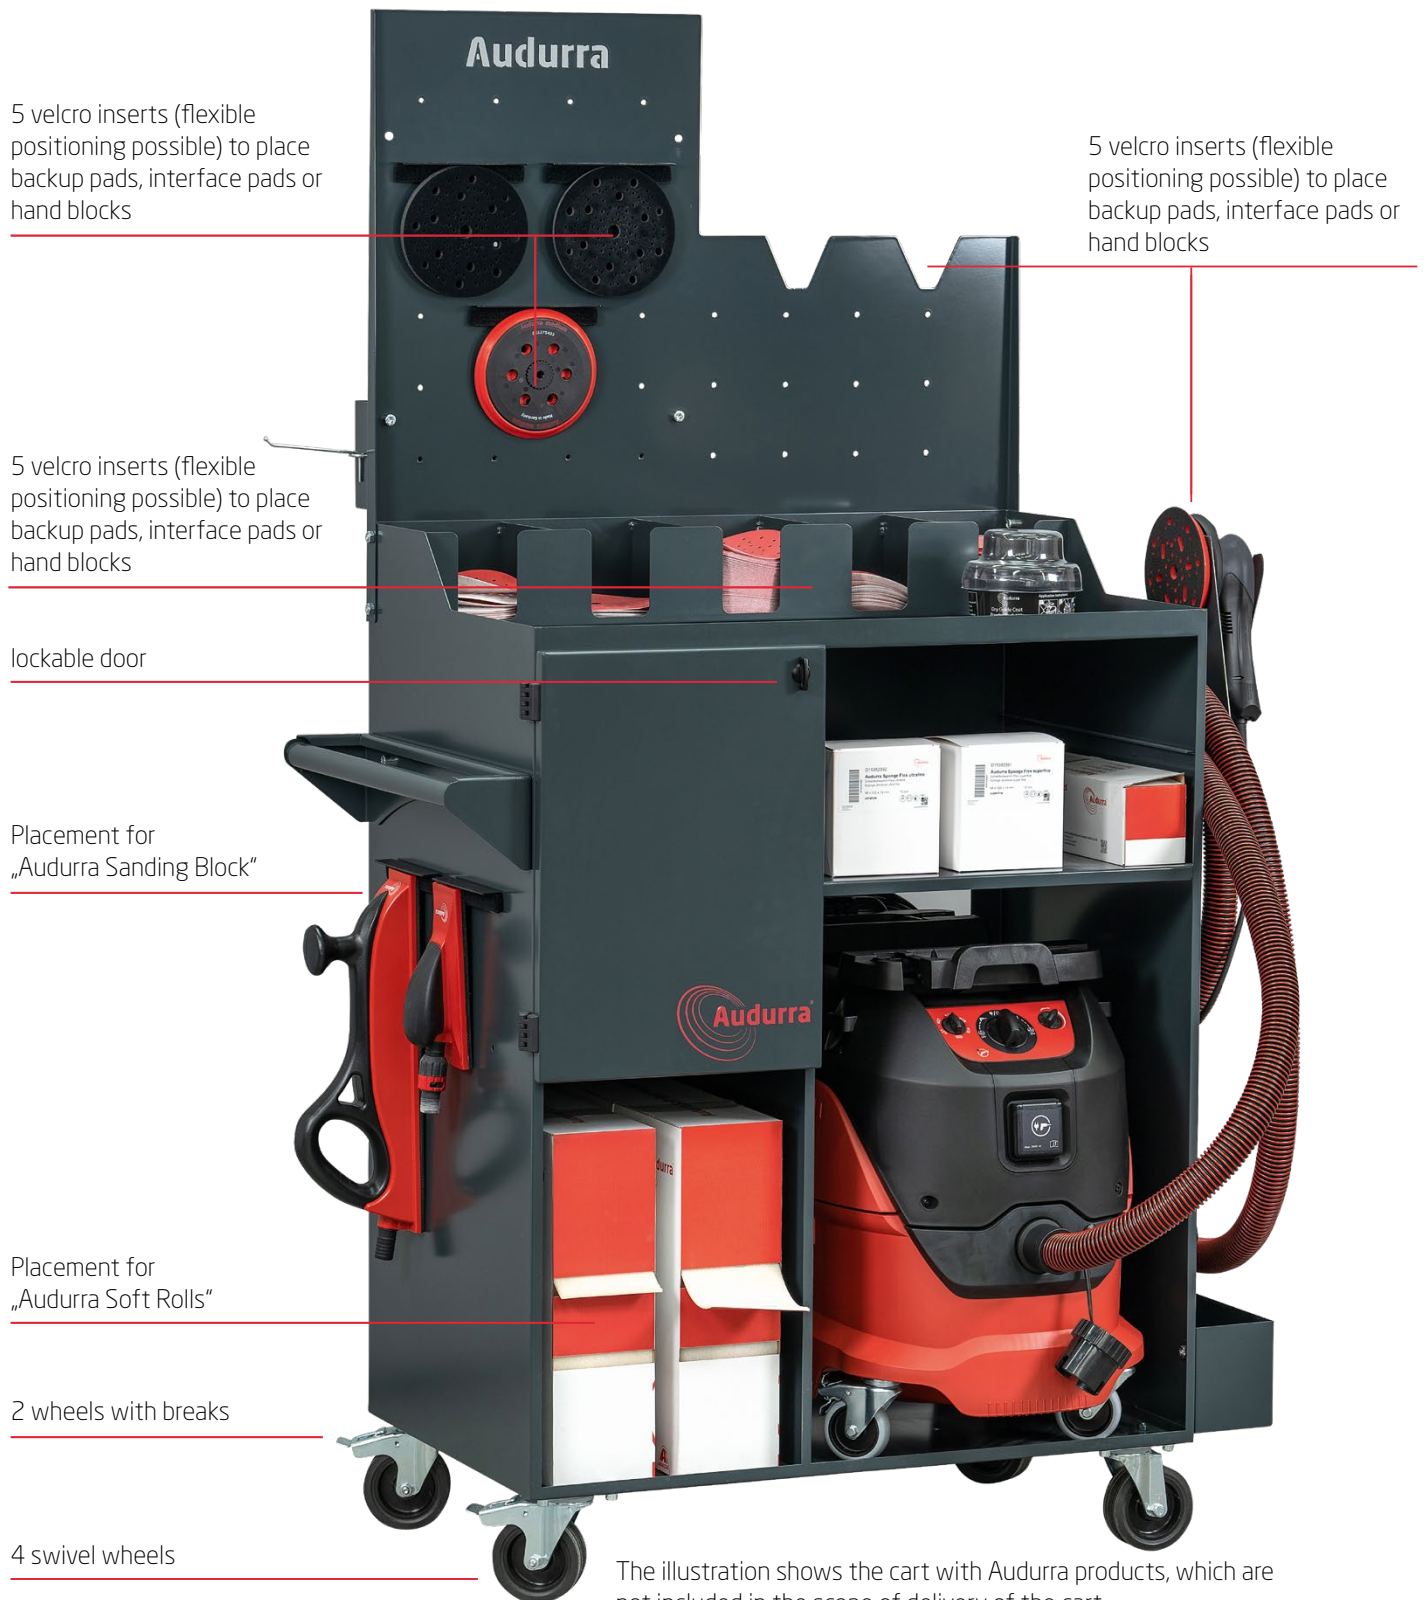

Optimize the sanding process in your body shop and realize the right quality at first go! A well-structured workplace organization is key for a process-oriented repair job. The Audurra Sanding Solution Cart is the key component to achieve a standardized repair process to get a smooth workflow in the body shop. Thanks to this mobile cart all needed abrasives, tools and machines are always at the place of action. Unnecessary routes and movements could be avoided and the time-consuming search for the right materials in the body shop will become a thing of the past.

Features & benefits:

- Process-oriented workplace organization
- Coherent system
- No abrupt changes of sanding grits thanks to standardized equipped cart
- Faster job training / onboarding for new employees
- Less movements required
- Less material (SKUs) required
- Tools and machines at the place of action
- Higher workplace appreciation
- A standardized process guarantees constant quality and less rework
- Improved customer body shop perception

Audurra Wheel Rim Repair Mask

Audurra Wheel Rim Repair Mask is a flexible solution for the masking of tyres during the re-spraying of wheels. The product consists of a treated 20 micron MDPE paint absorbent film and has an elastic center piece which can expand to 26" in diameter. Temperature resistant.

Features

- Elastic center piece
- Temperature resistant
- Maximum inner diameter: 26"
- Paint absorbent
- Flexible for all sizes of wheel
- Simple & easy to use

Article No.	Size	Color	Packaging unit
D15404063	170 cm x 170 cm	Purple	20 pieces

How to use this product

- 1.** Remove wheel from the vehicle and deflate the tire.

- 2.** Clean the inner rim ensuring it's free from dirt and grease.

- 3.** Apply the product by placing the elasticated band around the rim, ensuring the treated side of the film is facing upwards.

- 4.** Carefully flip over so the wheel is facing the ground, draw the corners of the product together and tape down.

- 5.** To complete the masking process, flip the wheel over, checking that the elasticated band is still creating a seal and then paint.

MASKING

Audurra All-in-One Interieur Protection Recycled

The Audurra All-in-one Interior Protection set consists of 5 elements in one tear-off unit:

01 02 Seat cover and Floormat in one

- Perfect fit of the seat cover and floormat due to non-slip inner surface
- Protects against oil, dirt and water
- Floormat will not slip because it is connected to seat cover
- Dimensions: seat cover 960 x 1400 mm, floormat 510 x 700 mm

03 Non-slip steering wheel cover

- Very stretchy
- Suitable for car and lorry steering wheels
- Dimensions: 490 x 150 mm

04 Gear lever protection

- Can be universally used
- Conform to the shape of the gear lever
- Dimension: 90 x 150 mm

05 Hand brake protection

- Fits all sizes
- Adapts to the shape of the hand brake
- Dimension: 100 x 150 mm

Audurra Flexible Transition Tape

A flexible product designed to mask curved swage lines & panel edges. Eliminates unnecessary rework. Ideal for bumper edges, wheel arches, roof panel lines & bridging screen gaskets/ rubbers. Seamless blending from old to new paintwork.

Article No.	Product variant	Packaging
D15365049	15 mm x 25 m	1 piece

Audurra T-Foam Masking Tape

Audurra T-Foam Masking Tape is designed for aperture masking of the inner surface of vehicle access points to reduce the ingress and build-up of paint during the automotive finishing process. It offers good conformity around contours; a custom-formulated adhesive providing clean, residue-free removal; dual foams providing strength from the flat base foam and a graduated painting edge from the upper foam.

Features

- T-Shape design with graduated edge
- Specially formulated adhesive
- Flexible closed cell foam
- Finger lift edge
- One continuous length

Article No.	Product variant	Packaging
D15418878	10 mm x 25 m	1 roll

Audurra Perforated Ultra Lifting Tape

Audurra Perforated Ultra Lifting Tape offers excellent resistance to heat, good adhesion to a variety of surfaces and residue-free removal. The product comprises a high performance translucent blue PVC tape with a rubber-based pressure sensitive adhesive; a thick PE Film to provide good leverage of rubbers and gaskets from windows and body-side mouldings; and a liner to allow the tape to be easily unwound. The product is perforated making it easy to tear and is flexible to allow contours and curves to be followed.

Features

- Specially formulated high grab adhesive
- Perforated sections allow for easy tearing
- Lifting tab

Article No.	Product variant	Packaging
D15418879	50 mm x 10 m	10 rolls

Audurra Perforated Trim Masking Tape

Audurra Perforated Trim Masking Tape uses a high temperature crepe masking tape with a rubber pressure sensitive adhesive. It is designed to protect rubber trims and bodyside mouldings during the automotive refinish process. The product is perforated which makes it simple and easy to use and flexible to follow contours and tight curves.

Features

- Pre-perforated for easy tear
- Linerless
- Easy lifting tab
- One size fits all

Article No.	Dimensions	Packaging unit
D15389563	50 mm x 10 m	1 roll

MASKING

Audurra Duplex Masking Tape

Audurra Duplex Masking Tape is high quality, 80 °C automotive grade crepe paper masking tape with excellent adhesion to all surfaces. It can be used with all solvent and water- based paints providing clean removal with no residue.

Features

- Roof / Cant Rails
- Door rubber seals
- Bonnet/Hood
- Boot/Trunk
- Wing/Fender/Guard

Article No.	Product variant	Packaging
D15376363	75 mm x 20 m	1 piece

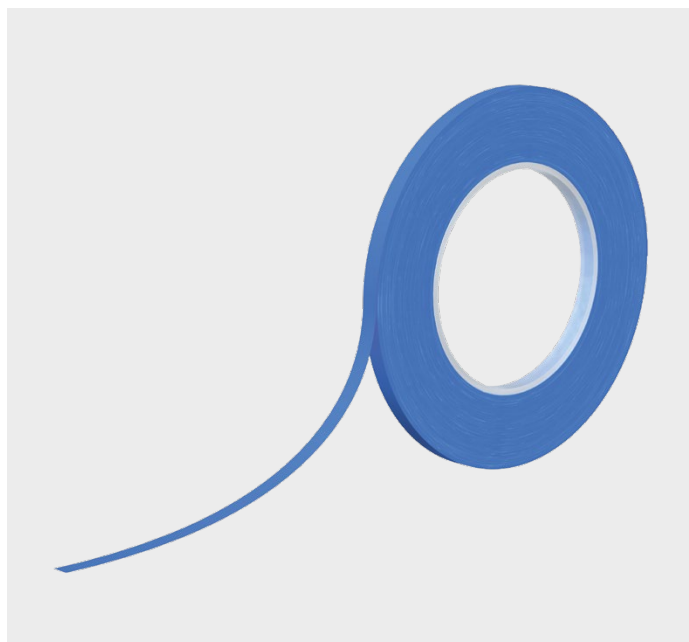

Audurra Fine Line Tape Blue

Audurra Fine Line Tape Blue uses a thermally stabilized PVC backing with a rubber-based pressure sensitive adhesive. It is highly flexible, easy to curve and will hold and cleanly remove from surfaces in temperatures up to 150 °C for at least 1 hour. After demasking, it will leave no residue and a sharp, clean separation line.

Features

- Medium flex tape
- Ideal for straight lines whilst also remaining flexible
- Especially suitable for multicolor applications
- Widths from 3 mm - 12 mm
- Temperature resistant up to 150 °C
- Suitable for high bake ovens

Audurra Fine Line Tape Orange

Audurra Fine Line Tape Orange uses a translucent thermally stabilized PVC backing with a rubber-based pressure sensitive adhesive. It is highly flexible, easy to curve and will hold and cleanly remove from surfaces in temperatures up to 150 °C for at least 1 hour. After demasking, it will leave no residue and a sharp, clean separation line.

Features

- Thinner and more translucent than other fine line tapes making it ideal for seeing through to the painted surface
- Ideal for straight lines whilst also being highly flexible
- Widths from 3 mm - 12 mm
- Temperature resistant up to 150 °C

Audurra Premium Cloth Tape

Premium Cloth Tape is a polyethylene cloth laminate adhesive tape with a waterproof high tack adhesive. As a premium duct-tape it can be used in the automotive, marine, industrial, construction and DIY sectors. Specially formulated to allow clean removal after use not leaving any adhesive residue.

Features

- Available in silver and black
- 78 weaves per inch
- Shot blast resistant
- Waterproof
- Premium rubber adhesive
- Twice as strong as standard tapes of this nature
- Can be applied to a variety of surfaces
- Clean removal
- Easy to tear

D15395384	50 mm x 50 m	Black	1 roll

PROTECTIVE COATINGS

Audurra Peelable Universal Protective Coat

It is a high coverage, water-based coating that efficiently protects the substrate from dirt such as paint mist. Audurra Protective Coating can be applied in various areas (e.g. paint booth, floor coating, construction, ship building) on all non-absorbent substrates (metal, glass, treated wood etc.). The protective coating can be removed afterwards by simply peeling it off.

Article No.	Product variant	Packaging (volume)
D15419830	White	5 Liter
D15419828	White	20 Liter
D15419829	Transparent	5 Liter
D15419827	Transparent	20 Liter
D15419832	Grey	5 Liter
D15419831	Grey	20 Liter

How to use this product

1. The substrate should be free of grease and free of loose dust.
2. The protective coating can be applied with a brush, paint roller, spray gun with pressure cup or the Axalta recommended Airless-device (at 100-150 bar spray pressure with nozzle 517).
3. Stir well before use, depending on the application method, the coating can be diluted with cold water (Airless-device up to 5%, spray gun with pressure cup up to 10%). Recommended coating thickness of the first layer: 150µm, other layers appr. 60µm. It can be up to 6 layers on top of each other.
4. Before applying a new coat, allow each coat to dry well at room temperature.
5. Clean the application tools with cold water only.
6. For best results test the substrate for stability beforehand. To do this coat a test area of 30x30 cm and peel off after 24 hours drying time.
7. Removal: The protective layer can be easily peeled off, any residues can be removed with water or a high-pressure cleaner.

Recommended application with:
D15404083 1016465
P2 E17 Airless

It's as simple as that (in a nutshell):

- ✓ **CLEANING**
Surface should be grease-free
- ✓ **APPLICATION**
Spray, roll or paint protective coat on the surface
- ✓ **PEEL OFF**
Simply peel off after soiling or use
- i **INFO**
The Audurra protective coat can be sprayed over several times

PERSONAL PROTECTION

a) Audurra Nitrile Gloves blue

A solvent-resistant quality glove that provides excellent protection. Thickness 4.5 mil. Especially suitable for working with paints and solvents.

Features

- Silicone free
- Latex free
- Powder free
- Flexible
- For single use
- Thickness: 0.115 mm (4.5 mil.)
- Length: 245 mm

Article No.	Product variant	Packaging
D15351800	size M	1 carton = 100 pcs.
D15351801	size L	1 carton = 100 pcs.

b) Audurra Premium Nitril Gloves black

A very high quality, powder-free and solvent-resistant glove that is stronger, thicker (Thickness 6 mil.) and more durable than conventional nitrile gloves and especially suitable for working with paints and solvents.

Features

- Silicone free
- Latex free
- Powder free
- Flexible
- For single use
- Thickness: 0.15 mm (6 mil.)
- Length: 285 mm

Article No.	Product variant	Packaging
D15399583	size M	1 carton = 60 pcs
D15351803	size L	1 carton = 60 pcs.
D15351804	size XL	1 carton = 60 pcs.

c) Audurra Pro Flex Assembly Gloves black

The Audurra Pro Flex Assembly Gloves have a micro-foam-nitrile coating that enables 360° breathability and thus ensures a comfortable wearing climate. The special micro-foam structure ensures excellent grip in both dry and damp conditions. The ultra-thin coating also achieves a particularly high tactile sensitivity, which makes precise work easier. The polyester backing material ensures excellent dexterity and at the same time supports the high wearing comfort. The seamless knitted glove also offers optimum flexibility and adapts ergonomically to the hand, ensuring comfortable working even during longer uses.

Features

- Available sizes: 7/S, 8/M, 9/L, 10/XL, 11/2XL
- Material: 13-Gauge-Polyester black liner with black nitrile micro-foam coating
- Liner composition: 100% Polyester
- Glove composition: Liner: 74 %, Coating: 26 %
- AQL: 1,5

PAINT PREPARATION

Audurra Smart Cup System

The Audurra Smart Cup System consists of the lid and liner kits as well as the separate outer cups and collars. Each lid has a permanently integrated filter, which ensures optimal filtration of the paint during use. You can choose between lids with 125 μ filter, which are often recommended for water-based paints, or with 200 μ filter for traditional solvent-based paints. With the Audurra Smart Cup System, the disposable liner is inserted into the reusable outer cup. The paint is simply mixed in the liner, then the disposable lid (with built-in filter) and the locking ring are put on - and the Audurra system is complete and ready to use.

Features

- Available in sizes 170 ml, 400 ml, 650 ml and 850 ml
- Filter sizes: 125 μ and 200 μ
- With this system, painters can spray in a constant 90-degree angle independent of the orientation of the part to be processed (even overhead)
- Reduces the risk of contamination from the outside and guarantees a uniform paint application

3M™ PPS™ 1.0 adapters are compatible with the Audurra Smart Cups and are recommended to be used.

Audurra 20 ml 2 in 1 Paint Touch Up Pen

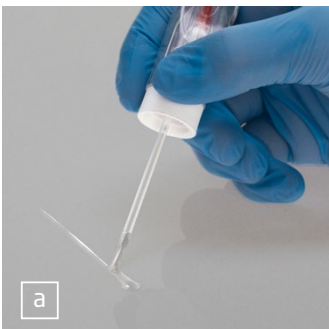

Empty and fillable 2-in-1 paint pen designed for quick and precise touch-up repairs of stone chips and minor lacquer damage. It combines a fine needle tip and a soft brush applicator, allowing both detailed and larger-area repairs with controlled paint application. Ideal for professional and easy refurbishment of coated surfaces.

Features

- Fine needle tip with secure, sealable cap for small damage areas (scratches)
- Soft brush integrated in cap for larger surface repairs
- With internal mixing ball (4/5 mm stainless steel) for optimal paint homogenization
- Ergonomic and lightweight design for easy handling

Article No.	Volume	Packaging
D15423179	20 ml	100 pieces in a carton

How to use this product

Precision dosing: The transparent, soft, plastic bottle allows accurate dosing and a clear view of the paint level.

PLASTIC REPAIR

Audurra Plastic Repair System

The Audurra 2K-PU Plastic Repair System is a fast curing, micro emission, and easy to use structural 2-component polyurethane adhesive. It cures by a chemical reaction of the two components forming a durable polymer resistant to elevated temperature, moisture, fuel, many solvents, and chemicals. Audurra 2K-PU Plastic Repair System is specially designed for small, quick, durable bonding and repair jobs. The use of Audurra 2K-PU Plastic Repair System yields a fast turnaround due to early sanding and painting capability. Audurra 2K-PU Plastic Repair System shows good sag resistance properties, allowing vertical application and offers excellent gap filling properties. In combination with a reinforcing mesh broken or missing bumper tabs can be rebuilt.

Audurra Fast Fix Adhesive

Audurra Fast Fix Adhesive is a two component, fast curing, gap filling adhesive with excellent bonding characteristics to a variety of substrates including plastics, rubbers and metals. It is designed for the assembly of parts with varying or undefined bond gaps up to 5 mm or for applications where complete cure of excess adhesive is a requirement. The gel consistency prevents adhesive flow, even on vertical surfaces. Precise and clean application with provided mixer tip.

Article No.	Description	Packaging

SUBSTRATE PREPARATION

Audurra Pumpspraybottle

Pressure build-up in the liquid container by pumping. A mere push on the spray button ensures an even and constant mist, which can be regulated by turning the nozzle nut.

The Audurra logos are printed on both sides of the Compressed Air Sprayer to offer sufficient space in front of the bottle to add a label indicating which liquid is used in the bottle, e.g. silicon remover.

Features

- Compressed air sprayer with VITON O-ring
- Fill quantity: 0,9 l max
- Shapely and technically advanced device for spraying large quantities of liquid
- Operating pressure: 3 bar / safety valve
- Nozzle: plastic Ø 0,8 mm
- Marking for indication of the maximum recommended fill content as well as a division into common mixing ratios: 1:10 (10 %), 1:20 (5 %) und 1:50 (2 %)
- Only 3,5 turns are needed to open and close the bottle

Article No.	Description	Packaging
D15370507	(01) Audurra Pumpspraybottle	6 pcs. in a carton
D15371065	(02) Audurra Color Coded Wall Brackets Set	1 Set of 5 pcs. of brackets
D15371066	(03) Audurra Coding Caps	1 Set of 5 pcs. of caps
D15389123	(04) Seal and Gasket Set	1 Set

Product variations: Value Pack

The Value Pack includes 3 bottles, 2 sets of colored coding caps and 1 set wall brackets for compressed air sprayers for the identification and differentiation of fluids.

These coding caps:

- Enable a clean and ordered working environment
- Are suitable for the whole range of pressure sprayers

Article No.	Description	Packaging
D15370685	Audurra Value Pack	• 3 Pumpspraybottles • 2 sets of colored coding caps • 1 set wall brackets

SUBSTRATE PREPARATION

Audurra Microfibre Wipe

The microfibre wipe can be used for multiple actions concerning car polishing and paintwork preparation. It easily removes holograms and leftovers from the polish and gives shininess to every car. The corners of the wipe are very soft to avoid scratches on painted car parts.

Article No.	Packaging
D15352344	1 bundle = 5 pcs.

Audurra Tack Cloth Aqua

The Audurra Tack Cloth Aqua is ideal for VOC-compliant coatings and water-based paint systems. It provides a perfect capture of small and medium particles thanks to its aperture fibrous structure leaving a lint-free surface.

Features

- Cleaning / Removal of dust, dirt particles and lint
- Polyester and viscose medium aperture nonwoven Acrylic binder for a better tear and abrasion resistance and no fiber loss
- Apertured fibrous structure to remove all particles
- Silicone-free and lint-free
- Resealable bag

Article No.	Packaging
D15375263	1 bundle = 10 pcs.

Audurra Degreasing Cloth

Extremely tear-resistant, abrasion-proof and robust wipe (cellulose-polyester-mix) with creped surface. Turquoise. Very absorptive and hard-working (high mechanical stressing). Resistant to solvents, squeezable and for multiple uses.

Article No.	Product variant	Packaging
D15351833	Dispenser box	1 box = 150 wipes
D15351832	Roll	1 roll = 500 wipes

Audurra Degreasing Cloth Dispenser Box Holder

For the Audurra Degreasing Cloth in the handy dispenser box (D15351833) we provide a suitable holder made of plastic-coated, silver-colored metal. The holder is very solid and provides safe and tight fit to the dispenser box.

Article No.	Packaging
D15355142	1 piece

Audurra Cleaning Cloth Roll Holder

The Audurra floor stand for up to 42 cm roll width, with waste bag holder, is always used when a cleaning cloth needs to be quickly at hand at the workplace - because oil is dripping or a fresh splash of paint needs to be wiped up. Due to the mobility of the cleaning cloth roll holder, the cloth is always at hand and can be easily teared-off individually. There are no long distances, work is hardly interrupted and is therefore even more effective.

Features

- Made of steel, with an aluminum-surface powder coating
- With waste bag holder
- Suitable for cleaning cloth rolls with a width of up to 42 cm
- Uncomplicated role change
- Wheels on one side, for easy movement
- Weight: 7,4 kg
- Dimension: 1030 x 750 x 560 mm (HxDxW)
- Degreasing Cloth Rolls not included

Article No.	Max roll width	Packaging
D15420144	42 cm	1 piece

WORKSHOP EQUIPMENT

 Audurra

Audurra Paint Stands

This paint stand is ideal for painting doors, hoods, fenders and small parts.

- Tiltable, rotatable, mobile on 4 rolls - 2 with brakes
- Infinitely adjustable inclination
- Included in delivery: 4 mounting arms, 2 brackets for spoiler
- Weight approx. 20 kg
- Dimensions. 55 cm x 92 cm x 16 cm

Article No.	Packaging
D15386463	1 piece

Audurra Rotative Paint Stand, galvanized, silver

This stable and unshaking rotative paint stand is equipped with an extra big chassis with big wheels and a strengthened pillar to make it outstanding robust.

Article No.	Packaging
D15352462	1 piece

Audurra Rotative Paint Stand, galvanized, silver

Easy to use and compact, but still able to accommodate large bonnets, tailgates, doors and fenders. Turns full 180°. 2 x 8" rubber wheels, take small differences in height without any problems. Size: 80 x 60 x 85 cm.

Article No.	Packaging
D15352466	1 piece

WORKSHOP EQUIPMENT

Audurra Heavy Duty Portable Work Stand

The Audurra Heavy Duty Portable Work Stand is ideal for working on doors, hoods, fenders and bumpers. Thanks to the sturdy cross bracing between the stand feet, the heavy-duty stand stands securely even on gratings. The entire support surface is covered with black foam padding.

Features:

- Made of galvanized steel
- Adjustable height from 63 – 107 cm
- Dimension (folded): 114 x 112 cm, horizontal foot: 114 cm (length)
- Maximum load: 270 kg
- Weight: 10 kg

Article No.	Packaging
D15423172	1 piece

Audurra Painting X-Stand, galvanized, silver (without extension)

This practical item can be used for almost anything. Height and width can easily be adjusted by changing the angle. It is exceptionally good for painting bumpers or other parts. It can hold up to 120 kilogram and is therefore for a professional environment.

Article No.	Packaging
D15352463	1 piece

Audurra Painting X-Stand Extension, galvanized, silver

With these extensions the Audurra Painting X-Stand can be used for painting bulky parts as well. Extensions can be adjusted in height and angle.

Article No.	Packaging
D15352464	1 set of 2 pieces

Audurra Stand for Bumper

The foldable bumper stand is a multifunctional swivel stand for painting car body parts. It is equipped with various fully adjustable elements that ensure quick and stable attachment of parts to be painted. The stand offers the possibility to adjust the height and angle of inclination of the component to be painted. By setting the appropriate angles, the painting work runs faster and more precisely. The stand is mainly used for painting bumpers, fenders and smaller body parts such as: mirror housings, spoilers, etc. Included with the stand are foam covers (x 4), clamp forceps (x 2) and cable ties (x 100) for the secure fastening of the painting components.

Article No.	Packaging
D15386464	1 piece

Audurra adjustable Bumper Stand

The Audurra Adjustable Bumper Stand provides a secure and flexible solution for painting bumpers without touching the painted surface. With 90° rotation, five locking positions, adjustable support arms with clamps, and protective rubber boots, it ensures optimal paint coverage while reducing overspray. Made from durable powder-coated steel and fitted with locking castors for easy movement around the workshop.

Features

- Rotatable by 90°
- Five adjustment options
- Protective rubber sleeves on the extensions
- 4 x 4 inch wheels, two with brakes
- Powder-coated steel, colored RAL7016 (anthracite grey)
- Weight: 15 kg

Article No.	Packaging
D15423169	1 piece

WORKSHOP EQUIPMENT

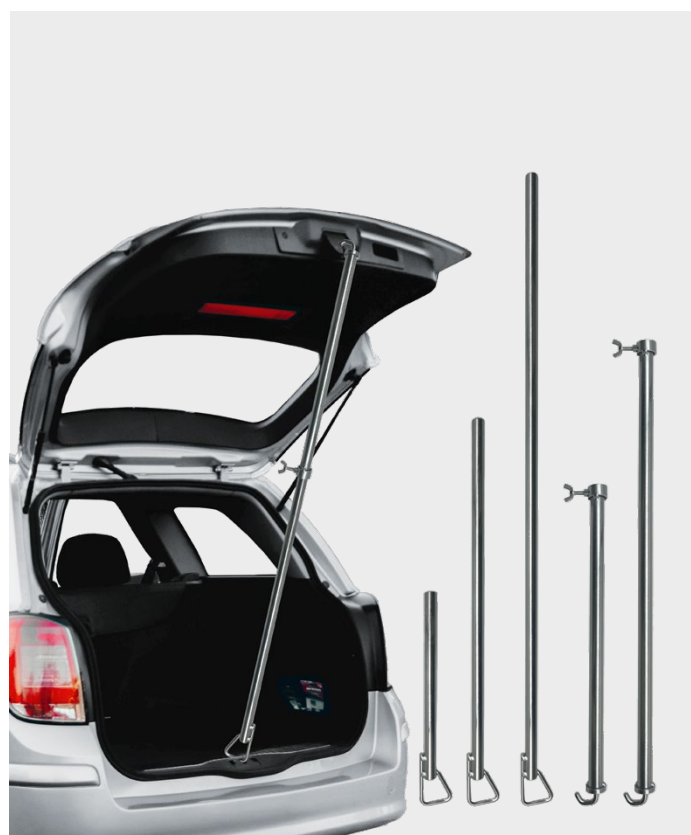

Audurra Wheel RIM Holder Set

The Audurra Wheel Rim Holder Set was developed to complement the Audurra X stand (D15352463). With the help of this set, the X stand can be easily converted to a rim paint stand and can therefore be used as a paint stand for 2 different applications. This smart innovation replaces 2 complete paint stands (X stand and wheel rim holder) and solves the space problem that is common in many paint shops.

The Audurra Wheel Rim Holder Set consists of 2x adapter and 2x rim holder.

Article No.	Packaging
D15368860	1 piece

Audurra Panel Fixation Rod Set

The Audurra Panel Fixation Rod Set comes with five bars that can be interchanged depending on the job. They're used to keep car panels open safely while you work like doors, bonnets or boot lids. Each bar has a hook and an eye so you can attach it easily to the lock. They're made from galvanized steel and include an adjustable slide bar so you can change the position and angle as needed.

Features

- Set of 5 interchangeable bars
- Each bar has a hook and an eye for attachment on to a lock
- For use on doors, bonnet and boot lid
- Made from galvanized steel

Article No.	Packaging
D15423181	1 Set

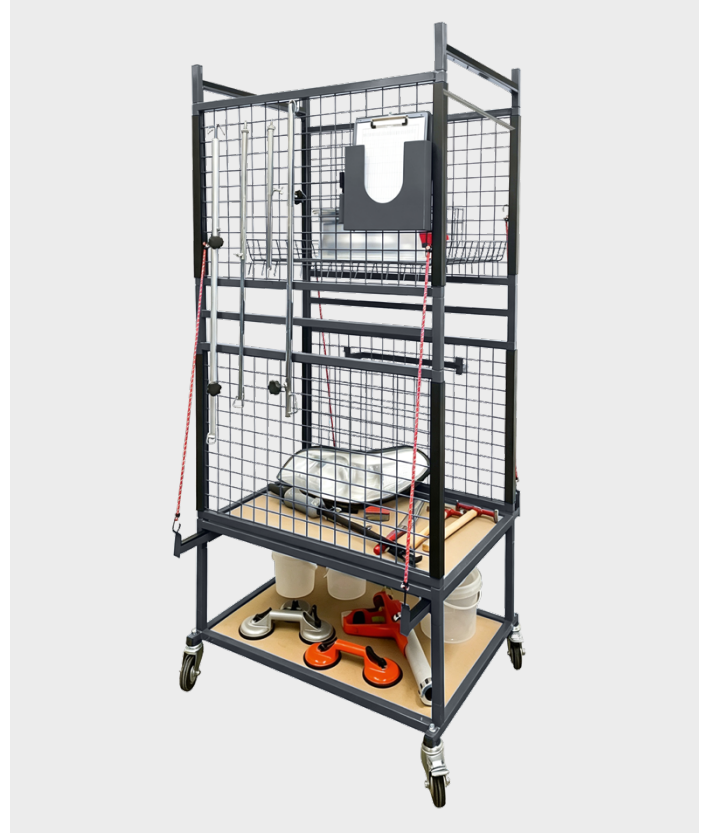

Audurra Double Head Grate Lifter Trolley

This Audurra Double Head Grate Lifter Trolley is used to conveniently remove floor grates in the spray booth, preparation area or in general. Thanks to this trolley the change of floor filters can be done in a safe, easy, fast and convenient way.

Features

- Easy to assemble
- Comfort-grip handles
- Air wheel: 8"
- Color: black/grey
- Weight: 12,5 kg

Article No.	Packaging
D15423178	1 piece

Audurra Workshop Car Parts Trolley

The Audurra Workshop Car Parts Trolley provides a practical and durable solution for storing and organizing car parts in the workshop. Featuring dedicated hanging space for bumpers and exhaust pipes, two wooden shelves, a tool basket, storage boxes and a metal shelf, it keeps parts and tools easily accessible. Made from powder-coated steel and fitted with locking PU castors for easy movement.

Features

- Robust and stable
- Premium storage of car parts
- Equipped with hanging rack for bumpers and exhaust pipes
- Powder-coated steel, colored RAL7016 (anthracite grey)
- Maximum load capacity: 90 kg
- Dimension (L x W x H): 895 x 685 x 1910 mm
- Net weight: 52 kg
- Gross weight: 56 kg (packed in 2 cartons)
